Memorial Bookshelf To Honor Late Mrs. Stockstill

The late Mrs. W. W. Stockstill, remembered in recent years for her work at Taylor School, actually taught in the schools of Hancock County for over half a century. As a token of the love and esteem in which she was held by her many pupils and friends, a memorial bookshelf is being installed at Memorial Library in the children's reading room.

Over the book shelf will be a plaque designed and made by A. J. Thomas, a sketch of Taylor School by Neil Ducombe, and in

each book donated in her honor will be a book plate designating it as belonging to the Lena D. Stockstill Bookshelf for Children. Mrs. Briscoe Goldman and Mrs. Wilson Wittelsburger have planned this tribute to Mrs. Stockstill and they hope to reach all of her former pupils. They ask that anyone interested in contributing to the bookshelf will get in touch with either of them or with Miss Crawford at the Library. Miss Crawford will be glad to order a book for you.

IF YOUR BIRTH IS NOT REGISTERED

en people would not get you by. If your birth is not registered you should begin the process of obtaining what we call a delayed birth certificate at once so you will have it when you need it. In fact, the Social Security Administration does not look with favor on a birth record prepared after a person has reached 65 years of age. And it takes very convincing proof to satisfy them that a birth record filed after 60 years of age is an acceptable certificate of birth," continued Dr. Whitfield.

Three principal items necessary to secure a delayed birth certificate are date of birth, place of birth and names of parents. But these items must be proved by documents made years ago, for age of document lends weight to its authenticity.

The Bureau of Vital Statistics cooperates with any individuals in preparing a delayed birth record when sufficient documentary evidence is submitted. As a rule,

Give Hancock County A Break!

HANCOCK County is one of the poorer counties of the State of Mississippi. It is one of the few counties in the State that can boast of NO industry. Can industry be brought to Hancock County? Let's take a look at the facts!

During the next two years it is estimated that at least seven thousand industries will locate in the Southern States. That means an average of seven hundred per State. Whether or not our county will be one of those favored by the location of one or more of these plants will depend largely upon the efforts of our governing officials to entice them within our borders.

Can it be done? Most certainly it can be done.

There is at this present moment a host of persons interested in locating along the coast. We have everything that they want. We have the best land in Hancock County. We have water supply at least two hundred feet below the surface that is pure and sweet.

Consider what this would mean to the economy of our county! Everyone would enjoy some degree of benefit from such an industry!

Now consider your choice of public officials in the August 23rd election. Are we to continue along the same path of slow progress as in the past? Or are we going to get someone in office with the desire to do everything possible for the economic welfare of our community?

Your vote for WARREN CARVER for Clerk of Courts will be a guarantee that you will be choosing a man who is intensely interested in the industrial development of Hancock County. He has tried in the past to bring industry to you. He will continue, if elected to do everything possible to provide employment for the men and women of Hancock County.

FOREST LANDS SCHOLARSHIPS

Forest Lands Scholarships to attend the University of Mississippi this fall have been awarded to six high school graduates. George M. Street, director of student placement at the University, has announced.

These scholarships are awarded to residents of George, Harrison, Jackson and Stone Counties on the basis of academic ability, leadership and financial need.

IF YOUR BIRTH IS NOT REGISTERED

en people would not get you by. If your birth is not registered you should begin the process of obtaining what we call a delayed birth certificate at once so you will have it when you need it. In fact, the Social Security Administration does not look with favor on a birth record prepared after a person has reached 65 years of age. And it takes very convincing proof to satisfy them that a birth record filed after 60 years of age is an acceptable certificate of birth," continued Dr. Whitfield.

Three principal items necessary to secure a delayed birth certificate are date of birth, place of birth and names of parents. But these items must be proved by documents made years ago, for age of document lends weight to its authenticity.

The Bureau of Vital Statistics cooperates with any individuals in preparing a delayed birth record when sufficient documentary evidence is submitted. As a rule,

Give Hancock County A Break!

HANCOCK County is one of the poorer counties of the State of Mississippi. It is one of the few counties in the State that can boast of NO industry. Can industry be brought to Hancock County? Let's take a look at the facts!

During the next two years it is estimated that at least seven thousand industries will locate in the Southern States. That means an average of seven hundred per State. Whether or not our county will be one of those favored by the location of one or more of these plants will depend largely upon the efforts of our governing officials to entice them within our borders.

Can it be done? Most certainly it can be done.

There is at this present moment a host of persons interested in locating along the coast. We have everything that they want. We have the best land in Hancock County. We have water supply at least two hundred feet below the surface that is pure and sweet.

Consider what this would mean to the economy of our county! Everyone would enjoy some degree of benefit from such an industry!

Now consider your choice of public officials in the August 23rd election. Are we to continue along the same path of slow progress as in the past? Or are we going to get someone in office with the desire to do everything possible for the economic welfare of our community?

Your vote for WARREN CARVER for Clerk of Courts will be a guarantee that you will be choosing a man who is intensely interested in the industrial development of Hancock County. He has tried in the past to bring industry to you. He will continue, if elected to do everything possible to provide employment for the men and women of Hancock County.

Mr. and Mrs. Jess Antoine and family of New Orleans spent Sunday afternoon as guests of Mr. and Mrs. T. H. Brockman Jr. and Mr. and Mrs. T. H. Brockman.

The Methodists have rounded out a week's vacation spent in the Ed Phillips cottage.

The Methodist Home for Children in Jackson has sent a letter of thanks and appreciation to all those in Waveland and Bay St. Louis who made the week the children spent in this area such a happy one. The ladies caring for the children enjoyed every busy minute of the youngsters' visit and felt a loneliness when they left.

Mrs. James Mayfield and sons have returned home after a pleasant visit to Mrs. Mayfield's mother who resides in Tuskegee, Ala.

Mr. and Mrs. Norman Hall and daughter, Lynne, returned earlier this week from a vacation spent in Texas and a wonderful trip through Carlsbad Cavern and Carlsbad National Park in New Mexico.

There were a few uneasy moments while on the road as the radio announcers kept mentioning that the storm "Brenda" was going to hit Bay St. Louis. This uneasiness was increased some what Monday night when the long distance operator was unable to put through a call from Texas to the Bay. However, on Tuesday morning the call went through and it was learned that Waveland's damage resulted in the loss of about twelve piers and a few broken limbs. The sighs of relief were loud and long.

Mr. and Mrs. Val Reinhard of New Orleans spent the week-end as guests of Mr. and Mrs. Morel. Mrs. Reinhard is Mrs. Morel's sister.

Miss Frances Brensike, daughter of Mrs. Dufour, is spending a week in New Orleans as guest of Mr. and Mrs.

Mr. and Mrs. Ruth Dufour, in motor car to Campbell, California, with two daughters. She will enter school there this fall and will live with her grandparents, Mr. and Mrs. H. Brensike.

The Rev. A. M. Ellison and family have returned home and he will conduct the regular 8 a.m. services in the Methodist Church on Sunday. Dr. Heath has been conducting Sunday services during the Rev. Mr. Ellison's absence.

Dr. and Mrs. R. W. Kramer Jr. of Jennings, La., are vacationing in Waveland.

Mr. and Mrs. Bob Torgerson and family are in their new residence on Sobral St. Their new home is indeed one of the loveliest in Waveland and this column wishes them many years of happiness at their new address.

Miss Mattie Wood and sister, Mrs. Anna Crebbin, flew to California this week to visit their nephew.

Mrs. Mabel Kerner is spending a few weeks in her Sobral home which is undergoing extensive repairs.

Mrs. Ruth Ketchum and daughter, Clara Lee, left Tuesday for an extended tour via Greyhound bus. They plan to be away about 20 days and will see such interesting sights as El Paso, Salt Lake City, Los Angeles, Hollywood and many other outstanding places of interest. They are taking a conducted tour in a chartered air-conditioned bus.

Mary Lou Herlihy, daughter of Mr. and Mrs. Cornelius Herlihy, has returned from visiting her aunt, Mrs. Burnley White, of Gretna, La.

Word has been received from S. J. Ingram, superintendent of the Bay St. Louis City Schools, that he is enjoying his trip through the Great Smoky Mountains.

Mr. and Mrs. L. J. Martello and family of New Orleans spent the week-end in Waveland with Mrs. Ed Gipson. Mr. and Mrs. J. Register and niece of Baton Rouge La. are presently spending their vacation with Mrs. Ed Gipson.

Best wishes for a speedy recovery are extended to Mrs. Zell Barber of Picayune, who underwent surgery last week. Mrs. Barber is the mother of Mr. Alton Barber of Waveland. The Barber family spent the weekend in Picayune to be near her.

Mrs. Travis Bozeman and child have returned to Waveland after spending several weeks in New Orleans.

Happy birthday greeting go this week to Mrs. Frank Fenasci, who celebrated her birthday Tuesday, Aug. 9.

Miss Nannette Penrose, daughter of Mr. and Mrs. Norvin Penrose, returned this week after a two weeks' visit in Kansas City, Kans., where she was the guest of Mr. and Mrs. J. K. Boyd and daughter, Barbara. Barbara returned with Nannette and will visit for the next few weeks with her grandparents, Mr. and Mrs. L. T. Boyd on Nicholson Ave.

MILITARY POWER CUTS

In one of his first speeches after assuming the post of Army Chief of Staff, General Maxwell D. Taylor declared that military manpower cuts will require the reduction of United States ground forces in the Far East. The First Cavalry Division will be one of the units due to return soon from Japan without replacement, it is said.

I wish to take this opportunity to thank all of my friends who cast their vote in the August 2nd Primary and to say that I hold no ill-feeling toward those who voted for my opponent.

I congratulate my opponent and wish for him a successful term of office, and I will do all in my power to help make Hancock County a good place in which to live.

Generally, when eggs are to be separated, it pays to remove them from the refrigerator at least an hour in advance.

For cake-making, eggs, like other ingredients, combine better at room temperature.

Egg whites whip more quickly and to greater volume when the egg is at room temperature.

For cooking in the shell, take the egg out of the refrigerator and let it sit at room temperature for an hour before cooking.

Or, put cold eggs in cold water and bring eggs and water to simmering together.

Hot-cooked eggs seem to separate more easily from shells when they are cold. As soon as they are cooked, cool rapidly in cold running water. Fast cooling helps prevent the unappetizing dark-colored layer around the yolk.

MIX PAINT WELL

All paint, regardless of type, calls for care in mixing.

The job will be easier if you pour the liquid from the can of paint and then mix the remaining liquid with the pigment. Paddle it until the color is uniform and the texture is smooth.

Then add the liquid you removed, mix it in carefully and the paint is ready for the brush.

MILK IN FROSTY GLASSES

Ever tried serving milk in glasses that have been chilled in the refrigerator?

During the summertime, milk tastes even better when it's served cold. A glass that's been on the refrigerator shelf in a hot kitchen will quickly warm the milk. Why not try keeping a few empty glasses in the refrigerator during the hot weather? Then when you want a truly cold glass of milk for a between-meal snack—or at mealtime—your frosty glass will help make good, refreshing milk taste even better.

OUR MISS DEAN RETIRES

UNIVERSITY, Miss.—Miss Dean, who has been a member of the University of Mississippi since 1922 and secretary of the YMCA there from 1922 to 1947, has retired from active service at her own request.

For the past several years, Dean Guess has been forced to curtail his strenuous activities for reasons of health. His retirement at this time, however, is the result of the satisfactory provisions of the state retirement act, which make it more desirable for him to retire now than to continue active any longer.

At the special request of Chancellor J. D. Williams and Dean Leston L. Love of the Division of Student Personnel, Dean Guess has consented to maintain an office at the University and to continue his invaluable work as a counselor to the students at Ole Miss.

No one on the campus is more widely known and loved by the students and alumni than Dean Guess, who has been an advisor, counselor, "Dutch uncle" and friend to two generations or more of the students. His continuance on the campus will be welcomed by all.

Born in Fair River, Miss., near Brookhaven, July 19, 1889, Dean Guess attended the University and was graduated with the Class of 1913. After four years as secretary of the YMCA at the University of Georgia, he spent 18 months overseas with the AEF.

Returning to the University of Mississippi in 1922 as secretary of the YMCA, he was married in that year to Miss Susie Lee Perkins of Brookhaven.

Appointed dean of men in 1932, he continued as secretary of the YMCA until 1947. Giving up many of his duties because of ill health in 1950, Dean Guess continued to respond to every call for his services and in 1952 took over the position of director of religious life on the campus, serving until July of this year.

Interested in sociology, Dean Guess took a master's degree at the University in 1930 and did further graduate study at Columbia University. During the academic year 1935-36, he served as acting assistant professor and acting

To make Chicken Liver spread: Mix ½ cup chopped cooked chicken liver with 2 hard cooked eggs, chopped, and 1 teaspoon minced onion. Season to taste and moisten with cream.

PROPAGATING CAMELLIAS

Cuttings can be taken almost any time from July to November on camellias. Direction for taking the cuttings and for grafting camellias have been summarized and mimeographed by Henry J. BURIAL RITES FOR CAPT. TOULME HELD IN NEW ORLEANS

Funeral services for Capt. John Toulme, 36, assistant general purchasing agent of Lykes Export Company, Inc., were conducted Friday, Aug. 8, at 11 a.m. at the House of Bullman, 238 St. Charles. Burial was in Hope Mausoleum. He died Wednesday night at his residence, 1130 Alibi, New Orleans.

A native of Bay St. Louis, Capt. Toulme was in the US Navy from 1916 to 1920. He served as master of a ship in 1926, a position he retained until 1933 before an illness forced him to retire from his sea-going duties. He then became a purchasing agent for the Lykes firm and was promoted to assistant general purchasing agent in 1945.

Active pallbearers were Capt. W. A. Drury, L. J. DeBois, Capt. C. L. Spicer, C. G. Horne, H. J. Donnellan and Capt. C. E. Griffin. Honorary pallbearers were Solon B. Turman, Robert F. Rader, Capt. A. W. Smith, Ralph Morse, Capt. Don Wallace, C. J. Spatz and Capt. Roger Abbott.

He is survived by his widow, the former Ruby Landry; a brother, Maurice Toulme, Red Bank, N. J.; and a sister, Mrs. Sylvia Gossard, Los Angeles, Calif.

THIEVES RETURN LOOT

Springfield, Ill. — The thieves, who took all four hubcaps off William Romack, Jr.'s 1955 automobile, returned them, placing them on the front seat of the car, with this note: "They don't fit." The note was unsigned.

chairman of the department of sociology.

Active in almost every phase of University and civic life, Dean Guess is a member of the board of stewards of the Oxford-University Methodist Church, a Sunday School teacher, a Rotarian, a Sigma Chi, a Mason, and a member of numerous other organizations, including the honor societies of Phi Eta Sigma and Omicron Delta Kappa.

His outstanding services to religious life and education in Mississippi received deserved recognition in 1954, when he was awarded the LLD degree by Millsaps College.

Therefore, we, the candidates, should hold no malice against anyone for the manner in which they cast their ballots. I sincerely hope that all the officers elected in the first primary will strive with all their sincere efforts toward the advancement of Hancock County. With no regrets, I remain

—THANKS—

R. G. "Manny" HUBBARD

Leading Candidate Of Supervisor Race

I wish to thank you, the people of Beat 5, for the wonderful vote of confidence you gave me in the First Primary. It was gratifying to know that so many people believe in what I stand for.

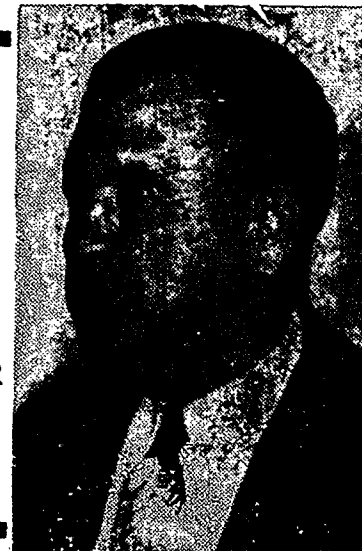

With your loyal support you almost elected me in the First Primary over five opponents. Of the ten boxes in Beat 5, of the Supervisors race, I led in every one.

Hubbard	1358 votes
Egloff	739 votes
Hubbard leading Egloff	619 votes
Total votes of other four opponents	864 votes

I sincerely solicit the support of all the voters of Beat 5 in the Second Primary, so that I may continue to serve you and work toward the goal of honest and progressive government in Hancock County

ELECT

JOHN LUMPKIN
YOUR STATE SENATOR

John Lumpkin is thoroughly trained
John Lumpkin is honest
John Lumpkin is sincere and a proven friend
John Lumpkin is always willing to serve you at any time and under any conditions.

John Lumpkin is a veteran
John Lumpkin is a teacher
John Lumpkin is a farmer and livestock grower
John Lumpkin is a football coach
John Lumpkin is a past member of the House of Representatives and the Senate of Mississippi

John Lumpkin is a farmer administrative assistant to the late Sen. Theo G. Bilbo
John Lumpkin is the only candidate in the race for Senate who has a plan for financing the State for the program that it is going to have to put into effect in these next four critical years.

This program includes equal facilities in the schools
Increased pay for Old Age Assistance
Additional funds for hospitalization of disabled persons unable to pay
Increased teachers' salaries equalling that of neighboring states

John Lumpkin offers another revenue program that he sponsored in the State Legislature. That is the taxing of all the minerals, gases and oils beneath the earth held by major oil companies. This bill was in effect until 1946 at which time it was repealed. It allowed the Board of Supervisors to assess these reservations at the proper assessment evaluation.

Today with over 60 million acres in the category it will bring in enough revenue to cover our financial program.

John Lumpkin promises to direct his efforts toward reenacting this bill. John Lumpkin realizes that the people of Mississippi cannot stand any more tax burdens than they are now paying.

John Lumpkin believes that an Oil Board should be elected by the people to conserve our oil, minerals and gases.

John Lumpkin believes that the people should elect a State Pardon Board to relieve the Governor of that responsibility since his duties are so important and his time so limited. This board should serve the same time and in the same manner that the present board is serving.

John Lumpkin believes that small business that cannot collect sales tax from the public under 15 cents should be reimbursed for this tax which they cannot collect. He believes that this type of business should receive the same considerations that other states are giving for the collection and reporting of this tax.

John Lumpkin believes in the more simple method of purchasing car tags and will work to gain this method.

John Lumpkin will cooperate with the Board of Supervisors and all officials, Municipal or County as he has always done and he will also cooperate with the Governor the people select.

FOR STATE SENATOR

TO THE VOTERS OF BEAT FIVE

I wish to express my sincere gratitude to the voters of Beat 5 for having shown such confidence in my tenure of office during the past four years. It is extremely gratifying to me, and I assure each and everyone of you that I shall during the next four years administer justice in the same manner as I have done in the past.

To those of you who saw fit to vote for my worthy opponents I assure you that I hold no malice or ill-will toward anyone. My opponents are all good men and I can readily appreciate your voting for them.

Words are insufficient to fully express my deep appreciation for the splendid vote that made my re-election to office in the first primary on August 2nd a reality.

To our future voters, the teenagers, my appreciation for their assistance in my campaign.

Again, I wish to thank you from the bottom of my heart and to let you know that I'm very proud of you and the wonderful race you helped me run.

Sincerely,

Nelius C. Rhodes

I want to take this means in expressing my many thanks for the BIG VOTE I received in the First Primary on August 2, 1955. I earnestly solicit your vote and support on the 23rd day of August, 1955 for the Office of Constable of Beat Five, Hancock County, Mississippi.

I wish to further express to the People that I come before them as their friend and if elected on the 23rd day of August, 1955 for Constable, I will be the People's Constable.

THANK YOU, THANK YOU, THANK YOU.

Judge J. P. Coleman

TO THE PEOPLE OF MISSISSIPPI:

There will never be words sufficient to express the gratitude I so sincerely feel to you for the wonderful vote given me on August 2nd.

Because of the faith, the trust and the generosity of the people, we led the ticket in more counties than did any of our honorable opponents. We came within only 3% of the total vote of leading the ticket in the entire State.

In the face of this great expression of confidence we remain as humble as ever before, and we shall always remain so.

We earnestly ask you to support us in the second primary, October 1955. We will give you nothing but the best of our efforts.

We must serve you and the help of all Mississippians. It is to be their choice.

some other candidate in the first primary. We warmly welcome those who supported Mrs. Cain, Mr. Barnett and Gov. Wright in the first primary. We likewise hope that upon further consideration those who voted for Mr. Johnston will not decide that they should vote for one who has devoted his life to the public service of his fellowmen—one who is fully educated mentally, spiritually and physically to stand before the people and the troubles of this great State to come.

Please help us friends, and we will serve you to the best of our ability.

We are pleased to hear that you will vote on August 23rd.

Thank you for your support.
